Having known you since we were 7 or 8 years old meant that we knew so much about each other... you have always brought joy to my life dear Sissy. I remember when Bette passed and you cried for your sisters cause you lost both of them. That was the day you agreed to let me be your very own Sissy and we really renewed our friendship and he closer than ever. I will pray for your loved ones comfort as long as I am here and breathing. Love you Sissy, I love you more. ❤️

Drema, we met in 1970 @ Burton Jr High & became instant friends, we lost touch after school untill one morning I went into work (Kavan's) & there you were getting trained, I was so excited to see you, then years after that I was going to Ross Medical Education Center ti be a Medical Assistant & low & behold there you were again (we were definitely meant to be friends) we again lost touch untill Facebook came along, we got to reconnect & stay in each others lives again, I just wish we could have seen each other in person ❤️ rest easy my friend, Karen

One of my fondest memories of Drema is she was a hard worker, our first job together was at A & W Rootbeer. Then we both moved on to Clark's gas station. Drema was a great friend, she was caring & funny. I will always remember our fun times together, until we meet again my dear friend. Debby Golden.
